English Language and English Literature: Preparing for your GCSEs Exam board: Edexcel

As a department, we provide students with opportunities to challenge their thinking and develop a core set of skills designed to prepare them for their GCSE exams, further education and the world of employment. The transition from Key Stage 3 to Key Stage 4 is an exciting one and, in Year 9, students are introduced to the structure of the GCSE exam and the various assessment criteria for the Language and Literature papers. The breadth of texts studied and opportunities for creative and transactional writing enable students to develop a passion for learning and the study of reading and writing.

Achieving your Potential

Preparing for exams can seem daunting but the Department provides many tailored revision resources and support to aid learning. Here are some of the ways in which you can make the most of support:

- Join any Edmodo revision groups English teachers invite you to; these have many resources specific to our exam board.
- Subscribe to the Department's YouTube channel to access several revision screencasts and videos.
- Purchase or download any tailored revision materials created by the Department.
- Use in-class and homework opportunities to create revision resources such as cue cards, quizzes and podcasts in order to consolidate learning.
- Develop analytical skills by applying learning to real world situations.

Strategies for improving literacy:

- ✓ Green pen checking all written work.
- ✓ Writing in a range of styles (fiction and non-fiction).
- ✓ Redrafting work.
- ✓ Self-assessing work against the assessment criteria.
- ✓ Independent reading of a range of fiction and non-fiction texts.
- ✓ Keep a reading log, summarizing and analysing your reading.
- ✓ Create a WOW vocabulary log.

In order to succeed in the study of English Language and Literature, students will need to have an extensive vocabulary, articulate use of Standard English in verbal and written form, a command of a range of punctuation and grammatical structures, and careful reading and proofreading skills.

Extending Learning

Of course, the study of English Language and English Literature at GCSE is never just about passing exams. The English Department seeks to provide opportunities for students to enrich learning at KS4 and KS5. Some of these include:

- Theatre trips to enjoy live productions of set texts
- Poetry By Heart (for Years 10-13)
- Workshops in central London or trips to The Globe for KS5 students
- Creative Writing Society
- The unique opportunity to promote the subject in fun ways as an Ambassador
- Master classes to extend more able students
- Independent reading recommendations (upon request)

Strategies for Learning

Consolidating Learning

Research shows that reviewing information soon after it has been learnt allows students to remember much more. Returning to the learning from a lesson later in the same day will allow you to be much more successful.

Organising Learning

You will complete a significant amount of classwork, homework, independent work and other activities in preparation for your GCSE exams. Successful students find ways to organise their time and learning effectively so that it is of use to them.

COPE Strategies:

- Create flash cards after each lesson or at the end of each week covering key content.
- Keep a log of key quotations on an ongoing basis.
- Use Quizlet and Memorise regularly.
- Review class notes within 24 hours of the lesson.

COPE Strategies:

- Write a blog to share your learning with others.
- Support KS3 students to strengthen your skills.
- Create a homework timetable.
- Title and date your work clearly.
- Complete exam questions in timed conditions.
- Use banks of practice questions to create a booklet of essay/writing plans.

Preparing Revision Materials

Successful students prepare for revision and revise earlier topics throughout the year – this means creating revision materials throughout the year in preparation for the exam period. They will also revise constantly so they do not become rusty on earlier topics. They use in class assessments and Pre-Public exams to perfect their revision strategies.

Exam Practice

Ultimately, your success will be measured in the public exams at the end of Year 11. Successful students practise many past papers, find effective ways to monitor and improve their exam technique, and are very familiar with the mark scheme and how it will be applied.
